ENVIRONMENT POLICY

Norwood UK is committed to conducting itself in a responsible manner to protect people and the environment whilst working on company property and places of work including commercial, domestic and industrial. The company has established the following environmental goals:-

- To protect the environment from the effects of all aspects of the group work activities
- All our activities, where practicable, are carried out in an environmentally responsible manner and waste is kept to a minimum
- To conserve natural resources by the use of energy management, recycling and other appropriate means, and to deal with suppliers and contractors who actively share these goals
- To operate its facilities in a responsible manner and with due regard to the community in which it resides and minimise our impacts for the life cycle, including responsible disposal of plant and equipment under our control
- To continue to develop and improve its operational standards as a result of both its own efforts and using appropriate available technological developments
- To make available to employees, customers, the public and statutory authorities relevant information about the company activities that affect the environment
- To prevent pollution to water land and air
- To ensure, where practicable all waste material is stored, collected, transported and disposed of in a correct and documented manner by a licensed consignee or carrier
- To work towards reducing noise and pollution in accordance with local authorities and written statutory legal limits
- Natural habitats and wildlife will be respected and where appropriate if it is within the control of the company, the maintenance and restoration of habitats will be encouraged

- This Environmental Policy is regularly reviewed in order to ensure its continuing suitability
- Copies of the Environmental Policy are made available to all members of staff
- The register of objectives and Targets for 2015 is held within the Environmental Management file
